About The Social Travel Experiment

The Social Travel Experiments mission is to help busy people plan and execute a fulfilling gap year traveling around the world while staying with locals, without wasting valuable time in the planning process or feeling overwhelmed by all the things that need to be planned.

About Lena

I am Lena the creator of the Social Travel Experiment. I have always loved traveling and engrossing myself in foreign and exotic cultures. I am especially fascinated by the Japanese culture and have been living in Japan for 3 years.

From July 2018 I am planning a gap year around the world with my partner, visiting around 20 countries and getting to know people from all over the world and their respective cultures.
